

**EUROPEAN
CURRICULUM VITAE
FORMAT**

PERSONAL INFORMATION

Name	ELENA GOTTARDINI	
Address	FONDAZIONE EDMUND MACH VIA EDMUND MACH 1, 38098 SAN MICHELE ALL'ADIGE (TN)	
Telephone	+390461615362 Mobile +39 3386671149	
SCOPUS link	https://orcid.org/0000-0001-5405-2162	
Other link	https://www.researchgate.net/profile/Elena_Gottardini2	
E-mail	elena.gottardini@fmach.it	
Nationality	Italy	
Date of Birth	08/06/1964	
Gender	Female	
CF	GTTLNE64H48L378E	

WORK EXPERIENCE

- Dates (from - to) 1992-present
- Name and address of the employer Fondazione Edmund Mach (FEM), via E. Mach 1, 38010 San Michele a/A, Italy
- Type of business or sector Environmental botany
- Occupation or position held **Researcher**
- Main activities and responsibilities Main activities are on:
 - Aerobiology – studies on airborne pollen for exposure risk assessment in relation to human health; test of innovative approaches for automated pollen detection and identification; analysis of long-term pollen data in relation to climate change, land use and biodiversity.
 - Plant-environment interactions - studies on morphological and functional responses of plants to abiotic stresses (climate; air pollution), in relation to plant health and vitality, and to the provision of ecosystem services.
- Responsibilities:
1/2022-present: head of Unit Environmental Botany, FEM-CRI.

EDUCATION AND TRAINING

- Dates (from - to) 2009-2012
- Name and type of organisation providing education and training Università degli Studi di Firenze, Firenze, Italy
- Principal subjects/occupational skills covered Bio-systematic and plant ecology - BIO/03 Environmental and applied botany
- Title of qualification awarded Philosophy Doctor (PhD)

- Dates (from - to) 1984-1988
- Name and type of organisation providing education and training Alma Mater Studiorum, Università di Bologna, Bologna (Italy)

- Principal subjects/occupational skills covered
 - Title of qualification awarded
- Prevention of a tobamovirus in *Capsicum annuum* L.
- Master degree in Biological Sciences

PERSONAL SKILLS AND COMPETENCES

MOTHER TONGUE	Italian
OTHER LANGUAGES	English
SCIENTIFIC SKILLS AND COMPETENCES <i>Living and working with other people, in multicultural environments, in positions where communication is important and situations where teamwork is essential (for example culture and sports), etc.</i>	<ul style="list-style-type: none"> - Design and implementation of sampling campaign, planning of the field work. - Aerobiological sampling (by Hirst type, SAS, Andersen, Tauber, Sigma-2), sample preparation and micro-morphological analysis. - Plant vitality assessment by morphological and functional traits (tree crown conditions; visible foliar symptoms; pollen viability and germination, chlorophyll content, chlorophyll fluorescence). - Data quality assurance procedures; storing and processing data, statistical analysis, writing reports and scientific papers. - Skills on safety at work, first aid, safe driving of off-road vehicles. - Windows (Word, Excel, PowerPoint), QGIS, Statistica.

Management skills gained through organization of national and international courses and workshops, leading of local-scale scientific projects.

Predisposition in teamworking; skills in communication, learned by attending numerous conferences and specific courses on public speaking.

RELEVANT ROLES AND COMPETENCES

Coordination and administration of people, projects and budgets; at work, in voluntary work (for example culture and sports) and at home, etc.

- 1992-present: responsible for FEM Centro di Monitoraggio Aerobiologico di San Michele all'Adige - 30y-long environmental study on local bioaerosols for human health purposes (allergenic pollens and fungal spores), plant biodiversity estimates (by pollen), and plant protection (phytopathogenic fungal spores).
- 2020-present – Responsible for the project “AiRabbi: Study of the chemical and biological quality of the air in Stelvio Nazional Park, Trentino sector” financed by Autonomous Province of Trento.
- 5/2015-present - Co-Chair of Expert Panel on Ambient Air Quality, UNECE ICP Forests. <http://icp-forests.net/page/expert-panel-on-ambient-air>
- 1/2014-present - Reference for APPA Trento in POLLnet, Rete Italiana di Monitoraggio Aerobiologico. http://www.pollnet.it/default_it.asp
- 10/2015-3/2019 - Technical manager and Responsible of Action B2 of the Life project "LIFE FutureForCoppiceS" - Shaping future forestry for sustainable coppices in Southern Europe: the legacy of past management trials (LIFE14ENV/IT/000514) <http://www.futureforcoppices.eu/en/>
- 2018-2022 - Partner in project EFSA SMART Surveillance: Smart Monitoring of Airborne pathogens – supporting Risk based plant health surveillance. Collection of fungal bodies and spore release procedures; sample collection by passive and active sampling; calibration of the automatic real time aerobiological particle identifier.
- 2014-2015 - Responsible for the project “Aerospeleo: airborne bioparticles in a speleotherapy site, the disused siderite mine of St. Aloisio, Collio, BS.” Financed by Cassa Padana.
- 2009-2011 - Responsible for the project “Yield potential in hazel fruits (*Corylus avellana* L.) in relation to the environmental and climatic factors in Georgia (Asia)”. Financed by Ferrero
- 2007-2012 – Responsible for the project “Ozone EFFORT: Potential and actual ozone effects on forests in Trentino”. Financed by Autonomous Province of Trento.
- 2006-2008 - Responsible for the project “CARPOL: Development of innovative methods for the identification and quantification of allergenic pollens: biomolecular approach and infrared spectroscopy”. Financed by Bando Caritro.

PUBLICATION INDEXES (SCOPUS)
