<p>Organization and Human resources Division Human Resources Development Unit</p>		<p>Page 1 of 4</p>

Job description	Selection code: 247_CRI_PEP
Type of post and number of positions vacant	<b>N. 1 (one) fixed term position for 36 months as third level Researcher (R3) in the field of Plant ecophysiology and phenotyping.</b>
Organisational structure and manager for the position	Sustainable ecosystems & bioresources department, Research and Innovation Centre (CRI)
Requirements necessary for participation	<ul style="list-style-type: none"> <li>– Master of Science in Ecology, Botany, Plant Physiology, Forestry, Environmental or Agronomic studies.</li> <li>– Phd in Ecology or Environmental Sciences or Agriculture/Forest Sciences.</li> <li>– Knowledge of written and spoken English (minimum level B2), evaluated during the interview.</li> </ul>
Exclusion from the recruitment process	The following may not participate in the recruitment process: temporary staff, project workers and staff who have been employed or worked on a freelance basis for the Foundation in an equivalent role.
Job description	The work will aim mainly to conduct research in the field of plant physiology and phenotyping. The position will require previous experience both on the use of sensors, in particular, spectral and fluorescence cameras, Lidar and gas exchange systems and on theoretical and modelling aspects. The activities, carry out in the EFCB unit, will included both field and laboratory measurements on forest and agronomic ecosystems. The successful candidate will contribute to data treatment, data analysis and interpretation. He/she will also be responsible of the quality control of the data produced.
Duties / Tasks	Duties will be to perform plant phenotyping and ecophysiology experiments, in the field and control environments. The successful candidate will be also responsible for sensors regular maintained. The candidate will also be expected to play a full role in the dissemination activities of scientific results, attend scientific meetings and prepare and publish scientific publications.
Keywords	Plant physiology, phenotyping, Hyperspectral cameras, fluorescence.
Recruitment methods	By qualifications ( <b>maximum 30 points</b> ) and interview ( <b>maximum 70 points</b> ). The results of the recruitment process will be based on the total points obtained as a result of qualifications and performance at the interview.
Subjects covered in the interview	<p>During the interview, that will be held in English, the following knowledge will be verified in particular (<b>maximum 70 points</b>):</p> <ul style="list-style-type: none"> <li>– Use of spectral data for plant biophysical parameters estimation (<b>up to 15 points, threshold 10</b>);</li> <li>– Fluorescence measurements, limits and opportunities (<b>up to 20 points, threshold 12</b>);</li> <li>– Gas exchange measurements in laboratory and in the field (<b>up to 15 points, threshold 10</b>);</li> <li>– Statistical modelling using in particular the R software and image elaboration software (<b>up to 15 points, threshold 10</b>);</li> <li>– Knowledge of the activities and organization of Fondazione Edmund Mach (<b>up to 5 points</b>).</li> </ul> <p>The candidate must obtain <b>a minimum mark at the interview of 50/70 Points</b>.</p>
Criteria for the pre-selection	On the basis of the information contained in the <i>curricula</i> or demonstrated by candidates, <b>the best 10 applicants</b> , based on the highest scores obtained following the

## RECRUITING ANNOUNCEMENT

	<p>criteria below, <b>will be selected and admitted to the interview phase (maximum 30 points):</b></p> <ul style="list-style-type: none"> <li>– Post-doc work experience in the areas of Ecology, Plant physiology, Environmental or Agronomic/Forest studies in highly qualified research institutions or universities (<b>between 0.5 and 2 points for each year, depending on the relevance of the research activities, up to a maximum of 6 points</b>);</li> <li>– Scientific publications in journals with Impact Factor (IF) in the field of Ecology, Plant physiology, Environmental or Agronomic studies (<b>between 0.5 and 2 points for each publication, depending on IF: 0.5 if IF&lt;2; 1 if IF between 2 and 4; 1.5 if IF between 4 and 10; 2 if IF higher than 10; and up to a maximum of 20 points - the IF will be corrected with a factor of 0.7 for the first / last author and 0.3 for all other positions of the author</b>);</li> <li>– Ability to manage national, European or international Funding as Workpackage Leader or Task leader of high-level projects preferentially related to plant ecophysiology and phenotyping (<b>between 0.5 and 2.5 points for each managed project, depending on the type, budget and the role in the project, up to a maximum of 10 points</b>).</li> </ul>
<p>Knowledge of languages in the context of the Common European Framework of Reference for Languages (CEFR): level of knowledge and method of ascertainment</p>	<p>Knowledge of written and spoken scientific English will also be verified (to be checked by an interview on a subject of a technical or scientific nature) at a minimum level corresponding to B2.  <i>To understand the levels of knowledge required consult the dedicated page at the EUROPASS site:</i>  <a href="https://europass.cedefop.europa.eu/it/resources/european-language-levels-cefr">https://europass.cedefop.europa.eu/it/resources/european-language-levels-cefr</a>  <b>In the event that it is ascertained that the candidate does not have knowledge of English corresponding with level B2, s/he will be excluded from the recruitment process.</b></p>
<p>Methods and deadlines for communication of the calendar and location to candidates admitted to the interview/test</p>	<p>Candidates admitted to the interview phase will be informed of the date and location via e-mail (<b>NO PEC</b>), sent to the contact address used to send the curriculum, at least 10 days before the interview date.          The interviews will be held at the Fondazione E. Mach in San Michele all'Adige (TN).</p>
<p>Gross annual remuneration</p>	<p>Temporary employee contract "CCPL Fondazioni", Third level Researcher, yearly Euro 38,158.73 including 13° and 14° months.</p>
<p>Deadline for presentation of applications and deadline for the conclusion of the recruitment procedure</p>	<p>Applications must <b>arrive by and no later than 23:59 C.E.T.</b> (the date and time of receipt shown in the electronic mail account of the Foundation shall be valid) <b>on July 31, 2018</b>. The recruitment procedure will terminate at the latest by January 31, 2019.</p>
<p>How to present applications</p>	<p>Applications to participate in the selection (complete <b>CV, publication list, names and email addresses of three referees, and a statement of research interests and accomplishments</b>), must be sent in electronic format to the e-mail address (<b>NO PEC</b>) <a href="mailto:curricula@fmach.it">curricula@fmach.it</a>, indicating the recruitment code in the object of the message (<b>247_CRI_PEP – R3 temporary ecophysiology</b>).          The work curriculum must be saved with file extension: <b>Surname Name_CV.doc , or .pdf</b>.          In cases of access issues due to disability, please contact the following telephone number +39 0461 615542.</p>
