

Vi invitano al workshop:

“Automazione e microfluidica per NGS”

Giovedì 7 febbraio, 2013

a partire dalle ore 14.00

presso

**SALA CONFERENZE al 3° piano del Palazzo della Ricerca e della Conoscenza
della Fondazione Edmund Mach**

ore 14.00

Dr. Danilo Tait, PerkinElmer LST

Business Development Manager NGS Automation Italy

Introduzione

ore 14.15

Dott. Ilse Klein, PerkinElmer LST

Application Specialist Microfluidics Europe

NGS Sample Preparation and QC using LabChip Technology

ore 14.45

Dr. Hannes Arnold, PerkinElmer LST

Business Development Manager NGS/Genomics Europe

Automation Solutions for Genome Centres and Small NGS Laboratories

ore 15.15

Coffee break

ore 15.30

Dr.ssa Savina Adamo, NuGen Technologies

Product Sales Specialist Genomics Europe

NuGEN Technologies: “More NGS Data from Less Input”

In collaborazione con:

Sequencing & Genotyping Platform & NuGen Technologies

Responsabile Dr. Massimo PINDO

Edmund Mach Foundation

SAN MICHELE ALL'ADIGE (TN)
