

Invite you to the workshop

Life Sciences for AgBio

Next Gen Sequencing, digital PCR, ProFlex, Tali, Fluid: you can discover the latest tools that we can provide to you

September the 24th, 2013 - Time 10:00-16:00
Conference Room – 3rd Floor
Palazzo della Ricerca e della Conoscenza
Fondazione Edmund Mach
Via E. Mach, 1 – 38010 San Michele a/Adige (TN)

Contents

- **10:00-10:30 – Tools for AgBio Workflow** (Dr. Céline Jaimet)
- **10:30-10:50 – The new ProFlexTM PCR System** (Dr. Alberto Achille)
- **10:50-11:10 – Coffee Break**
- **11:10-12:00 – Tali and Fluid Imaging Systems** (Dr. Luca Caneparo)
- **12:00-13:30 – Lunch Break (not provided)**
- **13:30-14:45 – The Ion Torrent Next Generation Sequencing Technology: fundamentals and applications to plant research and breeding** (Dr. Alberto Madini)
- **14:45-16:00 – Coffee Break + Stand visit and face to face meetings with Lifetech specialists**

Speakers

Dr. Céline Jaimet, Strategic Relationship Manager AgBio France, Italy, Iberia – Life Technologies

Dr. Alberto Achille, Sr Account Manager Consumables – Life Technologies Italia

Dr. Luca Caneparo, Field Appl. Scientist, Tech Support EU, Cellular Analysis – Life Technologies

Dr. Alberto Madini, Instruments Sales Rep – Life Technologies Italia

In collaboration with:

Sequencing & Genotyping Platform

Dr. Massimo Pindo

Fondazione Edmund Mach

Please confirm your attendance (free of charge) via email to events@fmach.it and alberto.madini@lifetech.com (subject "Lifetech AgBio Workshop")
