Physical suitability for the specific work	<p>In the event of employment, in the event that the Edmund Mach Foundation is obligated to carry out a health assessment, due to specific risks connected to the work, the Foundation reserves the right to request a preventive medical examination, pursuant to art. 41 of Legislative Decree 81/2008, in order to ascertain the physical suitability of the employee and absence of contraindications to the work for which they are to be employed. In the light of the outcome of the examination, in the event of unsuitability or suitability with limitations, the Foundation reserves the right not to proceed with recruitment or to withdraw from the contract if it has already been entered into.</p>
Exclusion from the recruitment process	<p>The following may not participate in the recruitment process: temporary staff who have been employed for the Foundation in an equivalent role for a duration of more than 15 months.</p>
Job description	<p>The work will aim mainly to conduct research in the field of mass spectrometry applied to the study plant and food science. The position will require the capability to develop and apply, with adequate autonomy, methods for the global analysis of the organic metabolites in plants and foods, by mass spectrometry (MS-metabolomics). The successful candidate will be expected to develop and apply LC-MS based methods (in particular, LC-HR-MS/MS and triple quadrupole). The successful candidate will contribute to data treatment, data analysis and interpretation, and to biomarker identification and validation via MS-experiments and database searches. She/he will also be responsible of the quality control of the data produced and of the transfer of data and metadata towards public repositories, in an Open Data context, compliant with the FAIR principles. Knowledge of Bioinformatics and Biostatistics and/or documented experience with High Resolution High Accuracy Hybrid mass spectrometer, and/or Tandem Mass Spectrometer (triple quadrupole) is considered advantageous.</p>
Duties	<p>Duties will be, within publicly funded international projects and consortia, to perform experiments of untargeted and targeted metabolomics, record data and keep detailed and accurate records, perform the quality control of the data produced, interpret the fragmentation trees and annotate the metabolites, contribute to the improvement of the in-house data pipeline for experiments of metabolomics, data transfer to open repositories selected for the Projects, and to produce regular written reports on the results.</p>
Keywords	<p>Metabolomics, Mass Spectrometry, Food, Biomarker identification, Data mining, Data interpretation, Data Sharing.</p>
Selection process	<p>By educational qualifications (maximum 30 points) and interview (maximum 70 points). The results of the selection are based on the sum of the points awarded for the educational qualifications and interview.</p>

<p>Subjects covered in the interview</p>	<p>During the interview, which will be in English, the knowledge in the following topics will be verified (maximum 70 points):</p> <ol style="list-style-type: none"> 1. Mass Spectrometry (up to 13 points, threshold 9); 2. Strategies for the data analysis in the field of both targeted and untargeted metabolomics (up to 13 points, threshold 9); 3. Statistical modelling and interpretation of metabolomics data (up to 12 points, threshold 8); 4. Strategies for the structural annotation of metabolites (up to 12 points, threshold 8); 5. Safety in the chemical laboratory (up to 10 points, threshold 4); 6. Open Science, the FAIR principles, metabolomics data and metadata, and public repositories (up to 5 points); 7. Knowledge of the activities and organization of Fondazione Edmund Mach (up to 5 points). <p>In the interview, the candidate must achieve a minimum score of 50/70 points.</p>
<p>Assessment of qualifications and pre-selection</p>	<p>On the basis of the information provided exclusively in the application form (Annex A), the Foundation will select the best 10 candidates for admission to the interview. This preselection will be conducted on the basis of the highest scores achieved, according to the following criteria (maximum 30 points, threshold 8):</p> <ul style="list-style-type: none"> - Post-doc work experience, beyond the experience mentioned in the requirements, in the areas of metabolomics, analytical chemistry, data analysis, mass spectrometry and nutritional biochemistry in highly qualified research institutions or Universities (between 0.5 and 2 points for each year, depending on the relevance of the research activities, up to a maximum of 6 points); - Scientific publications in journals with IF (5 Year Impact Factor) in the field of metabolomics, analytical chemistry, data analysis, mass spectrometry and to their applications (between 0.5 and 2 points for each publication, depending on IF: 0.5 if IF<2; 1 if IF between 2 and 4; 2.0 if IF between 4 and 10; 3 if IF higher than 10; and up to a maximum of 15 points. Points doubled if first, last or corresponding author); - Knowledge and skills in Bioinformatics (3 points) and in Biostatistics (3 points); - Training course, summer school or master in metabolomics with High Resolution High Accuracy Hybrid mass spectrometer, and/or Tandem Mass Spectrometer (triple quadrupole) (up to 2 points, depending on relevance and duration of the activity, up to a maximum of 4 points). - Documented experience (as a contributor) in the use of public repositories for metabolomic data and metadata (up to a maximum of 2 points depending on relevance and duration of the experience).
<p>Knowledge level of languages, relative to the Common European Framework (CEFR), and method of verification</p>	<p>All candidates admitted to the interview will be tested for knowledge of spoken and written English, through an interview on a technical-scientific subject, and for this will require a minimum level of B2.</p> <p><i>To understand the levels of knowledge required, consult the dedicated page on the EUROPASS website:</i></p> <p>https://europass.cedefop.europa.eu/it/resources/european-language-levels-cefr</p> <p>Failure to possess a level of English corresponding to B2 will result in exclusion from the selection process.</p>
<p>Possession of requirements and recourse to clarification</p>	<p>The candidate must meet all the requirements and qualifications laid out, on the closing date for submitting applications as stated in the public announcement, as well as on the date of recruitment and placement. Candidates are in any case required to promptly</p>

	<p>inform the Foundation of any change in the data declared in the application for participation in the public notice.</p> <p>Failure to meet the specific and general requirements will result in exclusion from the selection process. The Foundation, however, reserves the right to verify the above requirements and may at any time terminate the selection process for a candidate who does not meet them.</p> <p>Should the verification reveal inconsistencies, doubts or uncertainties, the Foundation also reserves the right to request further clarifications and/or documents to be produced, within the peremptory deadline indicated by the Foundation.</p> <p>The assessment of the possession of requirements and evaluation of qualifications is based exclusively on the information declared in the application form (Annex A).</p>
<p>Methods and deadlines for communication to candidates of the dates and locations of the interview/test</p>	<p>Candidates admitted to the interview phase will be informed of the date and location via e-mail (<u>not by certified email, a.k.a. PEC</u>), sent to the contact address used to send the curriculum and the application (Annex A), at least 10 days before the interview date.</p> <p>The interviews will be held at the Edmund Mach Foundation in San Michele all'Adige (Province of Trento) or in videoconference.</p> <p>Each selected candidate must attend the interview/test(s), where they must present a valid photographic identification document, or if the tests are held in remote videoconferencing, the document must be presented in advance. Late arrival or failure to appear at the test venue or at the videoconference link, will result in exclusion from the selection process.</p>
<p>Gross annual remuneration</p>	<p>Provincial Collective Contract for Personnel of Research Foundations (https://trasparenza.fmach.it/Amministrazione-Trasparente/Personale/Contrattazione-collettiva/CCPL-Personale-Fondazioni-di-Ricerca), Third level Researcher (R3), current gross remuneration of Euro 39.539,25, including 13th and 14th month's pay.</p>
<p>Deadline for presentation of applications and recruitment process end date.</p>	<p>Applications must arrive by and no later than 23:59 (the date and time of receipt shown in the electronic mail account of the Foundation shall be valid) on January 31, 2022.
